### **Meeting with Parent -teacher organization and Alumni**

**Q.14** What are the measures adopted for fire prevention ?

Five fire safety instruments are installed in college building.

### **Fire Extinguisher**

**Q.15** Has the institution organized any training for fire prevention ?

Every year college organized training programmes for the fire prevention. In that programme the information related the prevention of fire and demonstration are given to the students and staff.

### **How & When to Use Fire Extinguishers**

Extinguishers should only be used on small fires (waste basket-sized). If the fire is discovered while it is still small enough to be contained, take the extinguisher, stand back 8–10 feet from the fire and follow the **PASS SYSTEM**:  
**P**ull the retaining pin.

**Aim** the nozzle at the base of the flames.

**Squeeze** the handle completely to discharge the dry chemical on the fire.

**Sweep** the nozzle from side to side. Go slightly beyond the fire area with each pass.

Once the fire is out, wait before leaving the area. If the fire re-ignites, you may need to make another application. Fire extinguishers can generate a great amount of smoke when used, so be careful - smoke contains noxious fumes. Since smoke inhalation is the major cause of fire deaths, cover your mouth and nose with a wet cloth whenever possible.

If it is not feasible to use an extinguisher, begin evacuation procedures at once. Close doors behind you to contain the fire. Warn others in the area to evacuate.

**Q.16** Has the institution organized any training for laboratory assistance and attendants?

**Yes.**

Our institution has no laboratory attendant and assistant. However for smooth work in rural area school laboratories, our institute organizes training programmes for students opting Science Method.

Every year college organized training programme for laboratory assistance and attendants .

**Q.17** What is the emergency response procedure ?

All information and instructions related to any emergency are displayed in college campus. Also these are communicated on students whatsapp group.
