REPORT

College implement various student-centered schemes. One of them is Mentor-Mentee scheme. In this scheme each teacher is assigned a set number of student-teachers to oversee on a regular basis. This scheme creates a positive relationship and a mutual trust between teacher and student-teacher.

Need and Significance -

Being a Teacher Education college all the efforts are made to inculcate competencies required for teaching profession in student-teacher. In this journey student-teacher need to be observed and counseled regularly. Mentor-Mentee scheme serves this purpose.

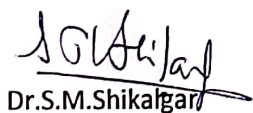

Objectives -

1. To listen the needs of student-teacher
2. To provide guidance, motivation and emotional support to student-teacher towards academic and personal success.
3. To help the student-teacher to take the benefit from various activities and opportunities offered by the college.
4. To shape the behavior, work ethics and social persona of student-teacher in positive way.

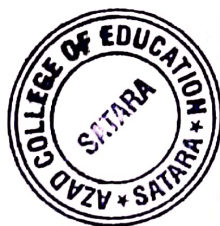

Implementation –

At the beginning of teacher training program a set number of student-teachers are allotted to their mentors. College has prepared a diary for noting down the work done by the student-teacher during that particular week. Every Saturday at the end of the day's work, student-teacher meet their mentor teacher. Mentor checks their diary and asks about their difficulties or problems if they face any. Mentor gives proper advice; provide emotional support to overcome their problems. Mentor provides solutions to them and help them to achieve success in their tasks.

Every year this activity is implemented for student-teachers for their two year's teacher training program.

TEACHER ELIGIBILITY TEST (TET) WORKSHOP – 2021-22

NOTE:

The Government of Maharashtra has made Teacher Eligibility Test mandatory for becoming a teacher at primary and upper primary level from year 2015. Also, the Central Teacher Eligibility Test has been made mandatory for becoming a teacher in a Central government sponsored School. **Date: 11/10/2021 to 23/10/2021**

GOAL:

- 1) To provide guidance of expert teacher.
- 2) To provide a conducive environment for the Teacher Eligibility Test.
- 3) To provide necessary reference book for Teacher Eligibility Test.
- 4) Conducting practice exams in a supplementary environment for the Teacher Eligibility Test.

CONTEXT:

Most of the students admitted in this college are from rural areas. As Azad College of Education is a teacher training college, training in becoming a teacher is imparted mainly from this college. Due to this major reason B.Ed. students have less knowledge of competitive exams. The students also felt that they did not know much about the format, syllabus and scope of the Teacher Eligibility Test. It was also found that the students were not very enthusiastic and alert for this test. These students do not get the required and quality guidance for the Teacher Eligibility Test. Therefore, the number of students who pass the Teacher Eligibility Test is low. Azad College of Education has experienced teachers. Also the college library is well equipped with reference books. Hence a one-week workshop is conducted every year in the college. Because of that the students from rural areas can get the guidance of teacher eligibility test examination easily.

THE PRACTICE:

1. Held Meeting and the format of the workshop were decided.
2. Created a planned schedule of workshops and instructed and encouraged students to participate in the workshop.
3. Experts gave three days guidance to the students regarding TET/CTET exam.
